ELECTRIC MAINTENANCE

- EST. 2004 -

ADVANCING THE INDUSTRY THROUGH SAFETY AND INNOVATION

6343 W. Brinkley Rd. Kennewick, WA 99338 | (509) 215-2736 | crem-inc.com

At Columbia River Electric Maintenance, Inc, our people know where we're going as a company and what they need to do to remain focused on that objective.

Safety is a Core Value. There's a difference between a priority and a value. At CREM, safety is a core value. In other words, it's always first on the list. When safety is a core value, so is productivity and quality.

SAFETY IS A
CORE VALUE
**NOT A
PRIORITY**

CAPABILITIES **WHAT WE DO**

INDUSTRIAL

Large construction projects are challenging and require dedicated teams of experienced professionals to collaboratively apply all of their knowledge and skills.

CREM project managers and field crews bring this to every project, every day:

- Natural Gas Pipeline
- Refineries
- Design Build

COMMERCIAL & SPECIAL PROJECTS

Our project managers specialize in implementing and completing complex, customer-focused projects in a cost-effective and timely manner. They focus on developing successful working relationships with each client and providing reliable answers to every electrical concern.

Some of our projects include:

- Data Centers
- Institutional
- Hotels/Hospitality
- Medical/Laboratory
- Civic/Offices
- Design/Build and Design/Assist Services
- Street Lighting
- Lighting Control, Design, Retrofit
- Energy Rebate Programs
- Arc Flash Studies
- Generator Upgrades
- Energy Surveys
- Tenant Improvements

COMMERCIAL & RESIDENTIAL SERVICE

We provide on-call electrical systems maintenance and emergency repair. From routine maintenance to emergency outages, our project managers, electricians, and related team members deliver thoughtful recommendations and expert solutions that offer the best value for your project.

Some of our projects include:

- Building Electrical Service
- Scheduled Preventative Maintenance
- Customized Maintenance Programs
- Lighting Maintenance
- Electrical Troubleshooting
